FIRST INTERNATIONAL TUBA SYMPOSIUM-WORKSHOP

School of Music

— MAY 22-26, 1973 —

**INDIANA UNIVERSITY
 BLOOMINGTON, INDIANA**

In May of 1973, Harvey Phillips brought together for the first time tubists, composers, and other friends, all interested in the cause of our instruments. This first International Tuba-Euphonium Conference was a vital historical event, for it was during this conference that our association as we know it today was first organized. We invite all members of ITEA, all those who attended the first ITEC, all IU tuba and euphonium alumni, and all our friends to participate in this wonderful celebration!

The family known as the International Tuba-Euphonium Association will all gather on May 31st to celebrate this important anniversary and to honor Harvey Phillips, great artist and visionary for our instruments. A historical plaque will be dedicated both by ITEA and the Indiana School of Music honoring Mr. Phillips, the anniversary of this first ITEC, and the legacy of other such great artists as William Bell and Daniel Perantoni at Indiana University.
